Direct Federal Subsidized Stafford Loans are available to students who have established a financial need. Repayment begins six months after a student ceases to attend at least half time. A maximum for this loan is \$3,500-\$5,500 depending upon the grade level. Aggregate maximum total \$23,000.

Direct Federal Unsubsidized Stafford Loans are available for undergraduate and graduate students. The borrower is responsible for all interest. Maximum amount is cost of attendance minus any other aid the student receives; no minimum amount. Borrower is responsible for all interest. The interest rate for this loan is capped at 10.50%.

PROGRESS CHECK

Student's satisfactory progress evaluations are posted by student account number in the café weekly so the students have access to their progress evaluation results. Students will be notified in writing of any evaluation that may impact their eligibility for Title IV funds.

Satisfactory academic progress is evaluated at the progress check points listed above. Students not maintaining a minimum 80% rate of attendance and/ or 85% academics will be notified that they will be placed on Warning status. Students meeting the 80% & 85% requirement will remain on satisfactory status. The student's status will remain until the next scheduled progress checkpoint. An individual attendance and /or academic plan will be prepared for a student placed on Warning status. The student must successfully complete the plan to regain satisfactory status. During this warning period, the student is still eligible to receive Title IV funds.

If the student does not achieve a minimum of 80% rate of attendance and/or 85% academics at the end the Warning period, the student will be notified that they will lose their Title IV Aid unless they successfully appeal the unsatisfactory progress determination and are placed on Probation. The institution must determine that SAP standards can be met by the next progress check point. The institution will develop an academic and /or attendance plan that, if followed, will ensure that the student is able to meet the SAP requirements by the next check point, not to exceed the maximum time frame for the student.

The student must satisfy the requirements of their attendance and /or academic plan to raise their attendance and/or academics to a minimum of 80% & 85% by the next progress check to have the probation status lifted. Students will be required to submit medical documentation, funeral notices and/or other applicable documentation to support their appeal. The student will be required to demonstrate that the circumstances have been resolved and they have the ability to complete their attendance and/or academic plan and can achieve satisfactory status by the next progress check.

This appeal must be in writing and document the circumstances which have affected his/her ability to complete their action plan with sufficient reason why the appeal should be approved; if approved the student will be allowed to remain enrolled on a Probation status until the next satisfactory progress check. The student must complete projects, retake failed / missed exams and/or attend extra make-up hours to achieve the 85% minimum academic and/ or 80% attendance requirement.

The student will receive a response letter stating if the appeal has been accepted or denied. If the appeal is accepted, the student will remain on Probation status until the next progress check, and will be eligible to receive Title IV funds. The student must achieve minimum SAP standards by the next check point or they are no longer eligible for Title IV HEA funds. If the appeal is denied the student will lose Title IV eligibility and may be terminated. The appeal letter and all supporting documentation will be kept in the student's administrative file.

TEMPORARY INTERRUPTIONS

If there are temporary interruptions to the regular scheduled classes, i.e., a Leave-of-Absence, suspension, or requested time off, students will need to be rescheduled for missed classes.

Students on an approved (LOA) Leave of Absence will be excused from class and it will be treated as if the class was not attempted. The student's contract and maximum time frame to complete the program will be extended for the same period of time as the Leave of Absence. Students out absent or who have requested time off, are responsible for assignments and/or missed tests and the adverse grades will be recorded. The classes will be recorded as attempted but not achieved. The student is responsible for rescheduling missed classes, and to make arrangements to complete any missed assignments.

CONTINUED ABSENCE

If contact has not been made between school and student for fourteen consecutive days, the school will assume the student has withdrawn from their program and the student will be terminated.

WITHDRAWAL-RE-ENROLLMENT

Students wishing to withdraw from their program need to schedule an appointment with the campus Director to complete necessary paperwork, and be advised of their rights and responsibilities concerning hours earned and or balances owed.

Students discharged for any reason will be readmitted only upon evidence provided to the school that the problem associated with their dismissal has been removed and they have demonstrated an ability to succeed in their program.

Students who have withdrawn may be readmitted when they feel circumstances will allow them to successfully continue their education.

Students re-entering the same program will enroll with existing grade point average and percent of attendance as at the time of their withdrawal. That status will remain until the next scheduled evaluation point. **No Title IV Funds shall be disbursed until the student meets all satisfactory policy requirements.

There will be a \$ 100.00 re-admittance fee; the student kit will be the responsibility of the student, tuition will be charged for the number of hours the student has left to complete at the time of re-enrollment. The current tuition rate will be used.

End of Satisfactory Academic Progress Policy

ACADEMIC AND ATTENDANCE POLICY

It is Xenon Academy's objective to help students realize the importance of regular attendance. Each student is expected to be in class and on time every day. A record of attendance is maintained for each student and is available for authorized personnel to review at any time. Attendance reports will be furnished to agency sponsored students with student's authorization.

TIME CARDS/SKILL SHEETS

The time keep system is the documentation of hours. **NO STUDENT MAY CLOCK IN OR OUT ANOTHER STUDENT.** Should a student need to leave after he/she has clocked in, a request for time off form must be filled out. If hours are not recorded properly on the time keep system, the student will not receive credit. Replacement cards are available for \$ 10.00. It is recommended the students leave cards in the designated numbered slot area. If skill sheets are lost, they are available at a replacement cost of \$10.00.

HOURS

- 1) The clock-in system requires that all students must clock in when entering the school and they must clock out upon leaving the campus.
- 2) Students clocking in when not in actual attendance will not receive credit for these hours. Disciplinary action will occur for fraudulent actions.
- 3) One fifteen minute break is allowed in the morning and one in the afternoon. Morning breaks are to be taken between 9:00am & 11am, afternoon breaks, between 2:00pm & 4:00pm.
- 4) Students are required to attend a full scheduled day on their last day of attendance, upon completion of their course.

TARDINESS

Students are to contact the school before the school day begins if going to be tardy. Students who are displaying habitual tardy practices will be advised on an individual basis and may be placed on an attendance review; the student's attendance will be closely monitored during the review period. An Advisor will determine the disciplinary action to be taken to discourage future tardiness. If the requirements are not met during the review period, suspension or termination may occur. Students will not be allowed into testing if tardy.

A Leave of Absence may be no less than 30 days in length and is advisable when a student must be absent for an extended period of time, or in excess of the number of excused absences allowed in the contract. A one-time Leave of Absence may be granted for good cause. To be eligible for an LOA the student is required to follow the policy in regards to submitting a signed, written request including the reason for the LOA, prior to the start of an LOA unless unforeseen circumstances prevent. In this circumstance the school may grant an LOA; the institution will collect the required documents at a later date. The institution will establish the start date of the approved LOA as the first date that the student was unable to attend. The school will document the reason for accepting or denying any LOA request. A Leave of Absence must be approved by the school's Director because it affects the student's graduation date and program schedule. There must be a reasonable expectation that the student will return before a L.O.A. will be approved. For circumstances covered under Family & Medical Leave Act of 1993 or military reasons: a subsequent Leave of Absence may be requested for a minimum of 30 days/maximum of 60 days. This request must be accompanied by the proper documentation. A maximum of 90 days is allowed for L.O.A's during a student's enrollment period. The student's contract will be extended by the number of days taken in L.O.A. (s), no additional fees will be charged and the student's contract will be amended or an addendum will be made that will be signed by the student and a school official. The student's contract and maximum time frame to complete the program will be extended for the same period of time as the Leave of Absence. During an LOA the student's status, warning or probation will not be affected.

Student's granted an LOA in accordance with this policy are not considered to have withdrawn and no refund calculation will be required to be performed. A student who takes an unapproved LOA will be withdrawn from the program. Shall the student fail to return by the expiration date of an excused Leave of Absence the student will be withdrawn. Refunds must be calculated from the last date of recorded attendance based on the hours the student was scheduled to complete as of their last day attended. Our policy of the granting of credit for previous training shall not impact the refund policy.

Students who do not return by the expiration date of a Leave of Absence will exhaust part, or all of their grace period if they are a Title IV HEA program loan borrower. The date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning. Any monies due to the student are refunded within 30 days of formal cancellation or termination. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the school in person.

1. A request for Leave-of-absence must originate in writing from the student.
2. Left to the Director's discretion. There must be a reasonable expectation that the student will return.
3. During a leave-of-absence, locker must be vacated and roll-a-about taken home. The school assumes no responsibility for property left in building.
4. Maximum time frame for L.O.A. is 90 days.
5. Students end contract date will be extended to reflect the length of L.O.A.
6. Student services are at full price during L.O.A.
7. During a L.O.A. the student's status, warning or probation will not be affected.

The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the school administrator in person. Official & unofficial withdrawals are determined by the school by clock hour attendance monitoring at least every 30 days. The last day of physical attendance on the time clock will be used as the student's last day attended. All refunds are calculated on hours the student was scheduled to complete as of their last day of physical attendance.
5. For all students who enroll in and begin classes, the following schedule of tuition adjustment is authorized whether the student withdraws or is expelled from Xenon Academy. Tuition refunds are calculated using the length of the billing period. Kit charges are pro-rated over the length of the program. All monies due the student shall be refunded within 45 days. The policy of the granting of credit for previous training shall not impact the refund policy.

Percentage of hours scheduled to complete to Hours in billing period			Amount of Total Tuition Owed to the School
0.01%	to	4.99%	20%
5%	to	9.99%	30%
10%	to	14.99%	40%
15%	to	24.99%	45%
25%	to	49.99%	70%
50%	and	over	100%

A student, who owes the school a balance due as the result of withdrawal or termination, must make satisfactory repayment arrangements. The school reserves the right to accrue interest on the unpaid balance.

6. TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWS

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Direct Loans & Direct PLUS Loans. Though your aid is posted to your account at the start of each period, you earn the funds as you complete the period. When you withdraw during your payment period the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro rata basis. For example, the percentage of the period completed is determined by, the number of clock hours the student was scheduled to complete in the period as of the day the student withdrew, divided by the total number of clock hours in the period. Once you were scheduled to complete more than 60% of the payment period, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition, fees and room and board charges (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charge. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school. The school must disburse any Title IV grant funds a student is due as part of a post-withdrawal disbursement within 45 days of the date the school determined the student withdrew, and disburse any loan funds a student accepts within 180 days of that date.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program

before you withdraw, you will not receive any Direct loan funds that you would have received had you remained enrolled past the 30th day. If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

- 1) Your institutional charges multiplied by the unearned percentage of your funds, or
- 2) The entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for the Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. Please refer to the school's refund policy listed above. Check in the business office & you will be provided the requirements & procedures for officially withdrawing from school. If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

Enrollment time is defined as time elapsed between the actual starting date and the date on which the student's last day of physical attendance. Formal termination shall occur a) when a student notifies the institution of his/her withdrawal, b) within 14 days of a determination by the institution that the student has withdrawn without notifying the institution or c) actual date of expulsion by this institution. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the school administrator in person. Official & unofficial withdrawals are determined by the school by clock hour attendance monitoring at least every 30 days. The last day of physical attendance on the time clock will be used as the student's last day attended. All refunds are calculated on hours the student was scheduled to complete as of their last day of physical attendance. Any required refunds will be made within 30 days of the date of determination of withdrawal.

10. Leave of Absence Policy

A student may be granted a leave of absence for good cause such as family emergency, medical condition or financial hardship. The leave of absence must be requested in writing prior to a leave of absence occurring.

A Leave of Absence may be no less than 30 days in length and is advisable when a student must be absent for an extended period of time, or in excess of the number of excused absences allowed in the contract. A one-time Leave of Absence may be granted for good cause. To be eligible for an LOA the student is required to follow the policy in regards to submitting a signed, written request including the reason for the LOA, prior to the start of an LOA unless unforeseen circumstances prevent. In this circumstance the school may grant an LOA; the institution will collect the required documents at a later date. The institution will establish the start date of the approved LOA as the first date that the student was unable to attend. The school will document the reason for accepting or denying any LOA request. A Leave of Absence must be approved by the school's Director because it affects the student's graduation date and program schedule. There must be a reasonable expectation that the student will return before a L.O.A. will be approved. For circumstances covered under Family & Medical Leave Act of 1993 or military reasons: a subsequent Leave of Absence may be requested for a minimum of 30 days/maximum of 60 days. This request must be accompanied by the proper documentation. A maximum of 90

days is allowed for L.O.A's during a student's enrollment period. The student's contract will be extended by the number of days taken in L.O.A. (s), no additional fees will be charged and the student's contract will be amended or an addendum will be made that will be signed by the student and a school official. The student's contract and maximum time frame to complete the program will be extended for the same period of time as the Leave of Absence. During an LOA the student's status, warning or probation will not be affected.

Student's granted an LOA in accordance with this policy are not considered to have withdrawn and no refund calculation will be required to be performed. A student who takes an unapproved LOA will be withdrawn from the program. Shall the student fail to return by the expiration date of an excused Leave of Absence the student will be withdrawn. Refunds must be calculated from the last date of recorded attendance based on the hours the student was scheduled to complete as of their last day attended. Our policy of the granting of credit for previous training shall not impact the refund policy.

Students who do not return by the expiration date of a Leave of Absence will exhaust part, or all of their grace period if they are a Title IV HEA program loan borrower. The date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning. Any monies due to the student are refunded within 30 days of formal cancellation or termination. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the school in person.

Students who violate our ethical standards will be subject to disciplinary actions, up to and including termination. The examples below are intended to be illustrative only; they cannot cover every possible ethics situation or scenario.

Building Trust and Credibility--We gain credibility by adhering to our commitments, displaying honesty and integrity and reaching academic goals solely through honorable conduct. It is easy to say what we must do, but the proof is in our actions. Ultimately we will be judged on what we do.

Respect for the individual

We expect all students to work together in a respectful manner. In this way we will maintain a culture of loyalty, trust and solidarity throughout your enrollment at Xenon. We should all aim to give credit to other people's ideas and recognize the contributions of others.

Respect on campus

Misunderstandings or conflicts can arise in any organization and should be resolved before serious problems develop. Most incidents will resolve themselves naturally. Should a situation persist that you feel is detrimental to you, or the Academy, we encourage you to discuss with your Director as soon as possible. If the problem is still not resolved or is awkward or sensitive, circumstances that prevent you from discussing with your Director, you may contact the Executive Director.

It may also include the display or circulation of written materials, social media posts, or pictures that are degrading to a person or group described above or verbal abuse or insults about, directed at or made, in the presence of an individual or group of individuals in a protected class or other person. Moreover, federal and state law prohibits discrimination based upon sex when the submission to such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creates an intimidating, hostile or offensive work environment.

Examples of sexual harassment include propositions, repeated requests for dates, dirty jokes, sexually provocative pictures and other verbal, physical and visual harassment.

Any student sexually harassing another student may be subject to discipline including termination.

Any student who believes he or she has been subjected to sexual harassment should immediately report the matter to a student advocate. Please refer to the Campus Crime Report for details on reporting, academy policies as well as rights of victims and accused.

Definition of Sexual Harassment

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when either:

- The conduct is made as a term or condition of an individual's employment, education, living environment or participation in a University community.
- The acceptance or refusal of such conduct is used as the basis or a factor in decisions affecting an individual's employment, education, living environment, or participation in a University community.
- The conduct unreasonably impacts an individual's employment or academic performance or creates an intimidating, hostile or offensive environment for that individual's employment, education, living environment, or participation in a University community.

Sexual harassment is defined by law and includes requests for sexual favors, sexual advances or other sexual conduct when (1) submission is either explicitly or implicitly a condition affecting academic or employment decisions; (2) the behavior is sufficiently severe or pervasive as to create an intimidating, hostile or repugnant environment; or (3) the behavior persists despite objection by the person to whom the conduct is directed. The University considers such behavior, whether physical or verbal, to be a breach of its standards of conduct and will seek to prevent such incidents and take corrective action when sexual harassment occurs.

Types of Sexual Harassment

Generally speaking, there are two types of sexual harassment, "*quid pro quo*" and *hostile environment*.

Quid pro quo (meaning "this for that") sexual harassment occurs when it is stated or implied that an academic or employment decision about a student or employee depends upon whether the student or employee submits to conduct of a sexual nature. *Quid pro quo* sexual harassment also occurs when it is stated or implied that an individual must submit to conduct of a sexual nature in order to participate in an academy activity. So, for example, if a student is made to believe that a grade may be changed if the student goes on a date with an academy employee, the student is possibly being subjected to "*quid pro quo*" sexual harassment.

Hostile environment sexual harassment occurs when unwelcome conduct of a sexual nature creates an intimidating, threatening or abusive working or learning environment or is so severe, persistent or pervasive that it affects a person's ability to participate in or benefit from an academy program or activity. While a person engaging in harassing behavior most often has some form of power or authority over the person being harassed, that is not always the case. The harasser can be a peer of the person being harassed. Sometimes the harasser is harassing a person who has power over them. For example, a supervisee can sexually harass a supervisor or a student can sexually harass a faculty member.

Examples of Sexual Harassment

The following descriptions, while not all-inclusive, will help you understand the types of behavior that are considered "conduct of a sexual nature" and that, if unwelcome, may constitute sexual harassment:

Unwanted sexual statements: Sexual or "dirty" jokes, comments on physical attributes, spreading rumors about or rating others as to sexual activity or performance, talking about one's sexual activity in front of others and displaying or distributing sexually explicit drawings, pictures and/or written material. Unwanted sexual statements can be made in person, in writing, electronically (email, instant messaging, blogs, web pages, etc.) and otherwise.

Unwanted personal attention: Letters, telephone calls, visits, pressure for sexual favors, pressure for unnecessary personal interaction and pressure for dates where a sexual/romantic intent appears evident but remains unwanted.

Unwanted physical or sexual advances: Touching, hugging, kissing, fondling, touching oneself sexually for others to view, sexual assault, intercourse or other sexual activity.

All Xenon Academy students must conform to Federal, State and local laws.
