Career Opportunities

- The longer an Esthetician works in their field the greater that esthetician's skills become. The industry is always changing with new techniques, products and cosmetic styles. Estheticians are constantly learning to give themselves a competitive edge.
- The money earned by a successful Esthetician is also one of the benefits of the trade. Day spas are now thought of as a de-stressing zone and people want to reward themselves for working so hard. Therefore, spa visits are increasing for those clients striving for a work-life balance, creating more revenue for the spa professional.
- Most Estheticians enjoy the satisfaction of making their clients look and feel good. It is gratifying for an Esthetician to know that a client can return to their daily activities feeling ready for anything because of the relaxation treatments given at the spa.
- The state of Nebraska permits licensed Cosmetologists to perform esthetic services. The diploma or license you have already obtained may be sufficient to obtain employment in a salon or spa. You are encouraged to research your employment opportunities before enrolling in the Esthetics program if you have successfully completed a Cosmetology program

DEVICE RECOMMENDATIONS

iOS: Apple iPad, 4th generation or newer

Android: Google Nexus or Samsung Galaxy

-We recommend that every student using the LAB has access to a device both in and outside of class.

-We recommend the use of tablets because of their:

-Mobility, ease of use, ability to easily take and share photos and videos, availability of diverse, free or low-cost educational apps

-We recommend a minimum screen size of 7" for optimal performance in a classroom; 10" or larger is preferred.

-We recommend that mobile phones only be used as a secondary device because of their limited screen size.

-We recommend that schools adopt a standard device that is used by all educators and students to:

-Simplify classroom management for educators

-Simplify technical support for the school

-Allow for a standard classroom infrastructure and more robust use of the LAB

-Eliminate variability in the availability of supplemental apps

All enrolled students will be required to have daily access to a LAB compatible device.

Financial Aid Eligibility Requirements

The most basic eligibility requirements are that you must

- Demonstrate financial need (for most programs; to learn more,

Visit www.studentaid.ed.gov/funding),

- Be a U.S. citizen or an eligible noncitizen,

- Have a valid Social Security number,

- Maintain satisfactory academic progress in postsecondary education and

- Show you're qualified to obtain a postsecondary education by;

**Having a high school diploma or General Education Development (GED)*

** Completing a high school education in a home school setting approved under state law*

Xenon A Stephanie Moss Academy offers the following types of aid for those that qualify:

LOANS: Must be repaid with interest

GRANTS: Financial aid you do not have to pay back

VA: Veterans benefits

LOANS:

The following loans are offered at Xenon A Stephanie Moss Academy

Direct Federal Subsidized Loans are available to students who have established a financial need. Repayment begins six months after a student ceases to attend at least half time. Interest is paid by the government until the student ceases to attend at least half time. Interest rate for this type of loan is capped at 8.25%. A maximum for this loan is \$3,500-\$5,500 depending upon the grade level. Aggregate maximum total \$23,000.

Direct Federal Unsubsidized Loans are available for undergraduate and graduate students. The borrower is responsible for all interest. The interest rate for this type of loan is capped at 8.25%. Maximum for this loan is \$5,500-\$20,000 depending on grade level and dependency status. Aggregate maximum total \$34,500.

Direct Federal PLUS Loans are available for parents to borrow on behalf of dependant students. PLUS loan borrowers cannot have an adverse credit history (credit checks will be done). Repayment begins sixty (60) days after the last disbursement is made; you may be able to defer payments for up to six months after the student graduates. Maximum amount is cost of attendance minus any other aid the student receives; no minimum amount. Borrower is responsible for all interest. The interest rate for this loan is capped at 10.5%.

In addition to interest you pay a loan origination fee that is a percentage of the principle amount of each loan you receive. This fee helps reduce the cost if making these low-interest loans. They deduct the fee before you receive any loan funds, so the loan amount you actually receive will be less than the amount you have to repay.

To take out a Direct Loan for the first time, you must complete a master promissory note (MPN). The MPN is a legal document in which you promise to repay your loan(s) and any accrued interest and fees to the Department. It also explains the terms and conditions of your loans(s). You can complete an MPN online at StudentLoans.gov website.

Standard Repayment Plan

GRANTS:

The following grant is available at Xenon Academy:

Federal Pell Grants provide a foundation of assistance to which other forms of aid may be added. A distinguishing feature of this program is the concept of “entitlement” which guarantees that students who demonstrate need will receive a grant. Pell Grants must be applied for each award year to determine if a student is eligible to receive Pell Grants. The student must make satisfactory progress toward his/her certificate to remain eligible. Annual award amount, up to \$7,395.

After completion of the Free Application for Federal Student Aid the student will receive a Student Aid Report. If corrections need to be made to the information, please notify the Business Office.

VETERANS BENEFITS

For those students that are eligible for Veterans Benefits, they will need to provide Xenon Academy with their Certificate of Eligibility for entitlement of educational assistance.

The covered individual will be permitted to begin their program during the period beginning on the date on which the individual provides Xenon Academy the COE for entitlement to educational assistance under chapter 31 or 33 and ending on the earlier of the following dates:

1. The date on which payment from the VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the COE. Xenon Academy will not impose any penalty, including assessment of late fees, the denial of access to classes, educational materials, or other institutional facilities, programs or events. Xenon will not require a covered individual borrow additional funds to meet their financial obligation to Xenon due to the delayed disbursement of funding from the Department of Veterans Affairs under chapter 31 or 33.

What is Verification?

Verification is the process by which schools review student financial aid applications for accuracy. Institutions that participate in Federal Title IV aid programs are required to perform verification on a selection of students. Verification is done by collecting the documents the student used to complete the FAFSA and comparing them with the information the student provided on the FAFSA. You will not be able to receive financial aid until the verification process is complete. To receive maximum consideration for aid such as grants, turn in all documents as quickly as possible.

Who Is Selected For Verification?

Xenon Academy follows U.S. Department of Education guidelines and completes verification on all records that they select for the verification process. Additionally, Xenon Academy may select students for institutional verification based on the answers provided to certain FAFSA questions.

What Is The Verification Process?

If you are selected for Verification, you will find out in a couple of ways:

- When you receive your Student Aid Report (SAR) from the Department of Education, you will see a comment stating “Your FAFSA has been selected for a review process called verification. Your school has the authority to collect certain financial documents from you.”
- Once our financial aid office receives your processed FAFSA and you have been selected for verification Xenon Academy will notify you of the required documentation that you need to submit to the financial aid office. You have 30 days after you are notified to provide the business office with the required documentation. After all requested information is submitted to the financial aid office, your file will be reviewed. If the financial aid office has further questions regarding your file, you will be contacted for additional clarification or document requests. It is your responsibility to respond to these requests. If you do not provide the appropriate documentation within the 30 days you will not be eligible to pay for your education with the assistance of Title IV Federal Aid. You are encouraged to contact the financial aid office at any time with verification questions.

What Documents Might Be Needed to Complete Verification and What May Be Verified?

A completed Verification Form-must be signed by the student and parent (if dependent)

•Household size-anyone for whom you or your parents will provide more than more than half of their support during the applicable award year.

•Number in college-anyone in your or your parent’s household who is attending at least half time during the applicable award year.

•Adjusted gross income

•U.S. Taxes paid

•Certain types of untaxed income and benefits:

•Social Security benefits

•Child Support received

•IRA/Keogh deductions

•Foreign income exclusions

•Earned income credit

•Interest on tax-free bonds

•All other untaxed income included on the U.S. income tax return

•Supplemental Nutrition Assistance Program (SNAP)-commonly known as food stamps statement stating amount received within the applicable award year.

•Child Support Paid-statement signed by the individual who paid child support, listing the amount paid, child support recipient and the name of the child (children) for whom support was paid.

•High School Completion Status

•Identity/Statement of Educational Purpose

Acceptable Documentation for Verification (Tax Filers)

Students (and/or parents of dependent students) who indicate they filed a federal income tax return for the applicable year, are encouraged to utilize the IRS Data Retrieval tool to import their tax return information into the FAFSA application. This will eliminate the need to later request a tax transcript from the IRS. However, there are some situations that will prevent the student/parent from importing IRS information into the FAFSA such as “married filing separately”, or “recently separated though a joint tax return was filed”.

IMPORTANT: If the IRS data retrieval process is not utilized, tax filers may need to request a tax transcript from the IRS (by calling 1-800-908-9946) or requesting on line at www.irs.gov. In lieu of tax transcripts a tax filer may be able to submit signed copies of their tax returns.

Note: If you electronically complete your federal tax return, it is approximately two weeks before such data can be imported into your FAFSA application.

Acceptable Documentation for Verification (Non-Tax Filers)

For any earned income

Copy of all W2s for each source of employment.

You may be required to provide verification of filing status that can be obtained from the IRS.

PROFESSIONAL JUDGEMENT

There may be special or unusual circumstances that a student may need request an adjustment to their FAFSA information to reflect their situation more accurately. Professional Judgment is made on a case by case basis and the student will need to contact the Financial Aid Office to discuss their special circumstance and find out what documentation may be needed to proceed with the requested adjustments.

STUDENT RIGHTS

Students have the right to be assured that information provided by them to determine their eligibility for student aid will be held in confidence within the parameters of the Privacy Act of 1974.

Students have the right to equal consideration in the awarding process with other students in the same stage of process.

Students have the right to know the school’s disbursement procedure regarding student aid.

Students have the right to know the current satisfactory progress policy. The policy in its entirety is available in the Student Handbook.

Students have the right to review their file, including, but not limited to, aid, computations, awards, etc. The financial aid office (Business Office) has the right to set the time and date of the file review, no later than ten (10) days from the requested date. Requests must be in writing by the student only.

If the student has questions or concerns about the treatment of their FSA Student Loan they can contact the FSA Student Loan Ombudsman Group via telephone: 877-557-2575 or FSA Ombudsman Group, PO Box 1843, Monticello, KY 42633.

NOTICE TO APPLICANTS OF TUITION AID

The Financial Aid Office (Business Office) reserves the right to revise offers of aid at any time during the academic year based on availability of funds and procedures mandated by the state or federal authorities.

Pursuant to Section 7 of the Privacy Act of 1974, applicants for financial aid are hereby notified that mandatory disclosure of their Social Security Number is required by Xenon Academy to verify the identity of each applicant.

TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWLS

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Direct Loans & Direct PLUS Loans. Though your aid is posted to your account at the start of each period, you earn the funds as you complete the period. When you withdraw during your payment period the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro rata basis. For example, the percentage of the period completed is determined by, the number of clock hours the student was scheduled to complete in the period as of the day the student withdrew, divided by the total number of clock hours in the period. Once you were scheduled to complete more than 60% of the payment period, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition, fees and room and board charges (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charge. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive direct loan funds that you would have received had you remained enrolled past the 30th day. If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

Your institutional charges multiplied by the unearned percentage of your funds, or

The entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for the Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. Please refer to the school's refund policy. Check in the business office & you will be provided the requirements & procedures for officially withdrawing from school. If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

Any required refunds will be made within 45 days of the date of determination of withdrawal, whether officially or unofficially. The cancellation date will be determined by the postmark on written notification or the date said information is delivered to school in person.
